

Download File PDF Answers For Cpcs Telescopic Handler Test

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

CPCS Theory Test Answers A17 Telescopic Handler

No.	Question & Answer
1	State the possible effect of lifting a load whilst facing downhill on a slope. The centre of gravity moves forward and this could cause the telehandler to tip.
2	How can a qualification or card benefit a plant operator? The operator can prove his skills, have better prospects of employment and promotion.
3	According to regulations (such as Lifting Operations and Lifting Equipment Regulations (LOLER) 1998) name TWO requirements that must be carried out on any lifting operation. 1. The job must be done by trained, competent and authorized people. 2. The plant and equipment must be tested and certified 3. The lifting operation must be planned and supervised
4	Name THREE ways in which an operator can minimize their impact upon the environment whilst using the machine. 1. Switch off engine while the machine is not in use 2. Check tyre pressures 3. Do not overfill while refuelling, clean up any spillage 4. Dispose any waste correctly 5. Plan the work prior to start to maximize work efficiency
5	Using the lifting capacity diagram for A17: a) What is the maximum lifting capacity at maximum height? b) What is the lifting capacity with the boom angle at 45 degrees and a boom extension of 2.5 metres and c) What is the furthest distance (measured from the front tyre) available to place a 1.8 tonnes
