Introduction

Introduction

The *S.P.I.R.E.* Blackline Masters for Instruction and Assessment* are provided in both a spiral-bound book and a CD-ROM. The CD-ROM also supplies an answer key for select pages, but otherwise the content is the same. You may use whichever format is most convenient for you. All Blackline Masters (BLMs) are cited at point-of-use in the Teacher's Guide.

The BLMs are organized in two sections: *Instruction and Assessment*. The Instruction BLMs are essential to the lessons in the Teacher's Guide; without them, the lessons do not adhere to the fidelity of S.P.I.R.E.'s instructional plan. The Assessment BLMs provide ongoing formative assessment, a final cumulative test for the level, and summary forms for recording and reporting.

INTERACTIVE WHITEBOARD ACTIVITIES

Interactive Whiteboards (IWBs) are becoming more available to a greater number of classrooms, and IWB activities can provide engagement and a large interactive format for instructional modeling and practice. While any material on the *S.P.I.R.E.* Blackline Masters* CD-ROM can be used on an IWB, we particularly recommend activities using the Phoneme Segmentation Sheet, the Phoneme-Grapheme Sheet, the Word Find Sheet in the Introductory Lessons, and the graphic organizers in the Reinforcing Lessons. These would work especially well in settings with large groups.
